RE: Matter No. 23-02972<sup>1</sup> – CORRECTED NOTICE OF COMPLETE APPLICATION  
Public Service Law Article VIII Permit Application of ConnectGen Montgomery County LLC, for  
the proposed Mill Point Solar Facility, located in the Town of Glen Montgomery County, New  
York (250 MW)

Dear Andrew Barrett:

Based upon review of the above Permit Application submitted by ConnectGen Montgomery County LLC, (Applicant), the Office of Renewable Energy Siting and Electric Transmission (Office or ORES) has determined that the application submitted by the Applicant on February 12, 2024, as amended and supplemented on August 16, 2024, October 3, 2024, and December 23, 2024, is complete (collectively, the Application).

This letter constitutes Notice of Complete Application pursuant to 16 NYCRR § 1100-4.1(g)<sup>2</sup>. The Office issues this Notice to correct an error found in the caption of the January 27, 2025 letter. A copy of this corrected notice is being posted on the Office's website through the Department of Public Service Document and Matter Management (DMM) system. A copy of this corrected notice will also be served via regular mail upon the chief executive officer of each municipality in which any portion of the proposed facility is located, and any person who has previously expressed in writing an interest in

---

<sup>1</sup> Pursuant to a ruling issued January 27, 2025, as a result of the migration of the electronic case file from the Office of Renewable Energy Siting and Electric Transmission Permit Application Portal to the Department of Public Service Document and Matter Management (DMM) system, the case number has been changed effective February 3, 2025 from ORES Permit Application No. 23-00034 to ORES DMM Matter No. 23-02972.

<sup>2</sup> Effective April 20, 2024, the Renewable Action through Project Interconnection and Deployment (RAPID) Act (L 2024, ch 58, part O) repealed Executive Law § 94-c, repealed the current Public Service Law Article VIII, and enacted a new Public Service Law article VIII entitled "Siting of Renewable Energy and Electric Transmission" (Article VIII) (see RAPID Act §§ 2, 11). All applications pending before ORES on the effective date of the Act are considered and treated as applications filed pursuant to the RAPID Act as of the date of application filing (see id. § 4). Accordingly, the caption and this letter now reflect these changes.

With respect to ORES's regulations at 19 NYCRR part 900, the RAPID Act transferred part 900 to 16 NYCRR chapter XI, and continued Part 900 in full force and effect subject to conforming changes, such as the substitution of numbering, names, titles, citations, and other non-substantive changes to be filed with the Secretary of State (see RAPID Act § 7). The conforming changes were filed with the Secretary of State and became effective July 17, 2024. Accordingly, this letter uses the numbering of the new 16 NYCRR part 1100 (Part 1100) rather than the numbering of former Part 900.

receiving such notification.

In accordance with 16 NYCRR § 1100-8.1, the Office, no later than sixty (60) days following the date of the January 27, 2025 letter, shall publish for public comment on its website (through the Department of Public Service DMM) a draft siting permit or a statement of intent to deny the Application. This publication will be accompanied by a notice providing information regarding the public comment period, public comment hearing, and issues determination procedure.
